

Peer Assessment:

Finding Your Feedback

Step 1: Click the Written Assignment

After the assessment period is over, it is time to review the feedback left for you by your peers. You can do this by first clicking on the Written Assignment on your homepage. For example, if you wish to review feedback left on your Unit 2 Written Assignment, you need to click on the Written Assignment listed in Unit 2.

Step 2: Click on Your Submission

On the next screen, you will see a link to your assignment submission and your assigned peer assessments. Last week, you clicked on the assessment links so you could assess your peers. This week, you will click on your assignment so you can see the feedback your peers left.

Step 3: Review your feedback

After clicking on your submission, you will see the assignment directions and your submitted assignment. Continue scrolling to review all completed assessments left by your peers.

It is not always easy to read feedback about your work, but try to approach the assessments with an open mind. Remember that feedback is intended to be constructive, and ask yourself: how can I use this feedback to improve my work?

If you find errors or areas of concern, please feel free to message your instructor. Your instructor always has the final say for assignment grades.
